

JUNE INTENSIVE REVISION PROGRAMME (CHEMISTRY)

“Sean has made it possible for me to *understand* certain Chemistry Concepts much better. There are several *fundamentals* that he insists on me knowing it, that i initially thought of skipping. His *analogies* and ways of relating chemistry to *everyday life* is very apt and *makes it easier* for me to grasp the concepts. With a *good grasp* of the fundamental concepts, it was so much easier for me to tackle other tough chapters like Acids, Bases & Salts, Electrolysis, Mole Concepts and Chemical Analysis. Appreciate your help Sean! I would highly recommend Sean to you; especially you face problems in understanding those Chemistry Concepts, ‘cos he makes it so *simple to relate* to.”

TRAINER PROFILE

Your child will learn through high impact processes, experiential exercises, focused learning, case studies and accelerated learning techniques all of which are personally trained by Sean Chua – Top Chemistry Coach with over 10 years of teaching experience in helping hundreds students to achieve the breakthrough in their Chemistry results.

**Author of “Up Your Chemistry Grades Now!”
SOLD OVER 10 COUNTRIES**

TOPICAL WORKSHOPS AVAILABLE

CHEMISTRY

1. *ATOMIC STRUCTURE & BONDING
2. *ACIDS, BASES
3. *SALTS & QA
4. PERIODIC TABLE & METALS
5. RATE OF RXN & ENERGY CHANGES
6. REDOX & ELECTROLYSIS
7. MOLE CONCEPTS & CHEMICAL CALCULATIONS

** Sec 3s are welcome to join*

All the workshops are suitable for Pure Chemistry and Combined Science students except Electrolysis is only for Pure Chemistry.

- ✓ Comprehensive 100% coverage of each topics
- ✓ Understand abstract concepts in an easy to relate manner
- ✓ Learn and Apply strategies on real examination questions
- ✓ Time management enforced during every workshop
- ✓ Pre & Post review assessment for checking level of understanding
